OUTDOOR KITCHENS

OUTDOOR KITCHENS... BUILT TO LAST

LIFETIME PROTECTION

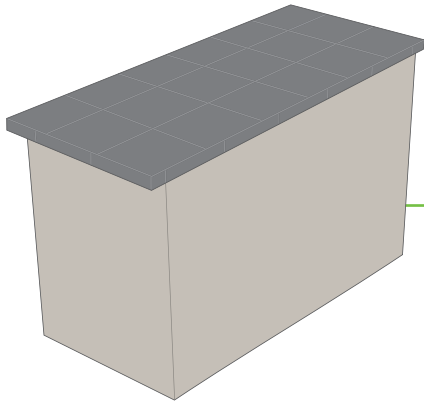

- Galvanized steel support structure, stronger than aluminum and engineered to support the heaviest counter-tops
- Non-combustible fibrous cement exterior and floor panels are moisture and insect resistant to guarantee long outdoor life
- Sealed and finished interior cabinetry provides clean, usable storage space and is moisture and insect resistant
- Full bonding of exterior panels in this uni-body construction system provides lifetime strength and durability
- Commercial textured exterior finish is 100% acrylic polymer, delivering long term moisture resistance, durability and easy cleanup
- Anti-Bacterial/Anti-Corrosion interior finish gives you peace of mind with added corrosion protection and easy maintenance
- Natural Stone or porcelain tile counter-top with quartz grout offers durability and long lasting beauty thanks to their resistance to mold, mildew and food stains

NO SHORTCUTS...
THAT'S WHAT IT TAKES TO GIVE OUR CUSTOMERS LONGEVITY & RELIABILITY IN AN OUTDOOR KITCHEN.
